

EMERGENCY CLOSINGS

It is recognized that the Library is a service organization and as such should be available to the public during all regularly scheduled hours. In the event of hazardous weather, medical or family emergencies or catastrophic events, the Library may close. In cases of emergency closings, library staff will notify City Hall (if it is open), one board member and WDUX radio. (Note: if the parking lot and sidewalks are inaccessible due to bad weather, the library will not open)
